Front Page Photo

The 1929 Open Cab Pickup was rebuilt by Jack Dusenberry from parts and pieces of the late Bob Nees' Estate. This pickup has been purchased by Chuck's Produce, and may end up in one of their stores locally. Thanks Jack....

President's Note **January 21, 2013**

Happy New Year everyone, 2013 will be a year to remember if you attend the great events that are planned for the year.

Many thanks to LeRoy for the great tour to the Western Star Truck Factory at Swan Island. I didn't realize Western Star Trucks were built much heavier than most over the road trucks, we learned a high percentage of their trucks were built for off road mining, etc. and many exported to other countries.

The weather being cold and foggy lately doesn't tempt us to go out to the garage and work on our cars, but I think February and March will be a much better time to correct any problems small or large that will make driving our Model A's more enjoyable.

Gerry

Articles and contributions are encouraged and may be used as space permits. The deadline for all articles is the 20th of the preceding month. The Volcano View is a monthly publication of the Volcano A's Chapter - MAFCA. All proposed articles should be email: rrusunen@comcast.net.

Volcano A's General Membership Meeting Minutes

January 14, 2013

CALL TO ORDER: 7:00 pm by Jerry Lane. Jerry then introduced the new officers; Vice President LeRoy Helyer and Secretary Becky Blick who was unable to attend the meeting due to weather conditions.

TREASURER: Bill Peden reported that we are not going off the "fiscal cliff" and then gave us the details of our accounts.

TOUR: LeRoy said our January tour would be on the 19th to Western Star truck factory. Meet at 9:15 at Chkalov Fred Meyers and all attendees will need to bring government issued ID. Lunch will be at Elmer's Delta Park.

WEBMASTER/EDITOR: Bob said he will be changing the web platform and it should be ready in about 2 weeks. The header on each page will have a picture of Mt St Helens with our lettering. There will be many more pictures and lots of new features. Bob also reminded us that he is working on the roster and if you need to update any of your information please get him that information as quickly as possible. Also only current members will be in the roster so please make sure you've paid your dues.

COMMUNITY SERVICE: Sherry reported that in December we donated 255 lbs. and our total for 2012 was 2,267 lbs. We received a Thank You letter from fish for our donations and our work sorting food for the past 7 years. Sherry wanted to celebrate our generosity and brought a celebration cake and medallions for everyone.

SEMINAR: Jack Dusenberry demonstrated how to rebuild vintage spark plugs and LeRoy Helyer had a Trivia Quiz on older cars.

PUBLIC RELATIONS: Don LaBarre is writing the next article for The Restorer.

FOR THE GOOD OF THE ORDER: Minutes of the last meeting were approved by the membership as printed in the newsletter.

Our December Auction was a great time and very successful.

Registration forms for NW Regional are now available and everyone is encouraged to attend.

Fletcher Anderson has invited us to his 8th annual picnic on June 15th. There will be WWII era swing orchestra and we are encouraged to dress era.

We received a letter from MAFCA regarding the General Liability Insurance and the D&O Liability coverage paid by MAFCA for all member clubs. MAFCA was asking for clubs to voluntarily contribute \$75 towards the cost of the insurance. Our membership voted to contribute the \$75.00.

MAFCA is offering one year free membership to all new members.

Bill Free is scheduled to have surgery soon.

NEW BUSINESS: Jerry announced our 2nd Annual Sweetheart Dinner will be on February 14th at 6pm at Benny's Restaurant. 2 NY steaks for only \$25 per couple. Please sign up to attend.

Bob & Sherry received a letter inviting our club to the July 13th Mosier Tunnel Tour.

A Board Meeting is scheduled for Saturday, February 2nd 10 AM at the Lane's with lunch in La Center.

Corley showed us some vinyl decals & aluminum plates with the club logo. These decals can be made for about a \$1 each in a variety of styles/colors.

Bob Rusunen suggested that we create an inventory list of the special tools our members have so it could be referenced as needed for sharing. It could be posted our webpage. Bob received a suggestion from Corley that we do a photo roster on the webpage; there are several other clubs who have done it.

RAFFLE: Arleta Thompson won a hat box with 2 packages of chocolate candy. Eddy Pitts won the 50/50 raffle and donated the \$37 to the club.

REFRESHMENTS: Sherry Rusunen and Nancy Wooldridge served cake, cheese platters and juice.

Respectfully submitted by Dian Lane

MAFFI Website

The Model A Ford Foundation, Inc. is an organization that seeks to preserve Model A Fords and related memorabilia, encourages historical research, and educate Model A owners present and future.

The new MAFFI website (www.maffi.org) has information on the Grand Opening scheduled for May 18 - 19, 2013. It also has more information about the attractions and events in the Gilmore area.

Lava Ladies

The ladies gathered to tentatively schedule their 2013 events. We discussed lots of options and came up with Moonstruck Chocolates in February with Lynn Mattingley hosting. March is open, April possibly a potluck, May lunch & shopping in Camas, June Oregon Gardens with lunch in Silverton, August will be our coffee stand at the La Center car show, September is Regional and October is our Annual Babies in Need lunch this year at Rocky's Pizza. At our February meeting we will firm up more details, so please plan to attend bringing your thoughts on what events are of interest to you.

Lincoln Highway Celebration Tour

Lincoln Highway Celebration

The Model A Era highway of the *first order*, *The Lincoln Highway*, is the objective of the Model A Touring Club in June of 2013. We plan to drive the entire length, 3,300 miles! Starting in San Francisco, our tour will end at the 9/11 Memorial after a suitable celebration of this historic 100-year-old road in Times Square in New York City!

Conceived in 1913 by the Lincoln Highway Association (LHA), the final section paved was in Nebraska in 1935! Prior to 1913, not even the *concept* of a hard surfaced road stretching clear across the continent existed. In 1920 there were only a few segments boasting gravel surfaces. When the Model A was introduced in 1927, even thinking about such a drive was like thinking today about a drive around the globe!

The modern Lincoln Highway Association, founded to preserve and celebrate the granddaddy of all American highways is sponsoring the tour and the Model A Touring Club is joining with the LHA in a big way!

Can you imagine the excitement that will be created next June when 200 cars of varying vintages and marques start from New

York and San Francisco to converge on Kearney, Nebraska to celebrate *The Lincoln's* 100th birthday? Unlike most of these cars and drivers, the Model A Touring Club will continue on from Kearney to complete the entire transit of the Highway! This is a tour you shouldn't miss!

You can be a part of this excitement and thrill to it first-hand as we drive down The Embarcadero in San Francisco, cars bright and shinny, off on the grand adventure. Finally, you will enjoy the satisfaction and spine tingling feeling as you complete this fairytale drive in a dusty car rolling into Times Square, New York!

You can learn much more about the tour, the club and The Lincoln Highway on our website (www.modelatouring.com). Look - if you like what you see, complete the application for membership and fill out the Tour Registration form and be a part of this historic tour on the most famous trans-continental road in America! It is longer and more sought after than even the famous Route 66. Don't hesitate! You will want plenty of time to plan for this tour!

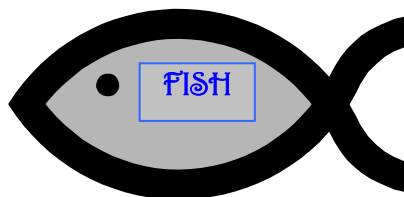

If you don't 'do' computers and want more information, contact **Alan Bennett at 818-222-4432** and we'll mail you our "Extra" issue of *The Milepost*, our newsletter, covering The Lincoln Tour.

Community Service

Thanks to all of you for your outstanding performance, we had a "party" at our January meeting!! Your generosity of giving was outstanding!! 2267#s of food for the year 2012 was amazing!! So we had cake and awarded "medals" for a "Job Well Done"!! Our food collection for January was 130#s!! As I said at the meeting, I am not going to push for more food this year...you know what it will take!! Just remember...Bring That Food!!!

Friends In Service to Humanity *Emergency Food and Clothing for Those in Need*

January 3, 2013

Sherry Rusunen
(The Volcano A's)
3720 NW 116th Street
Vancouver, WA 98686

Re: Food Drive

Dear Sherry,

I want to thank you and your group for your generous donation of 2,267 pounds of food to be distributed to the hungry families in our community this past year

We have been setting records for the number of people needing emergency food, over 20% above the previous year. Your donation of food helped us meet this growing demand.

I also want to thank you and your loyal friends in helping us sort Walk & Knock food in December. Our records show that you guys have been helping us for at least the past 7 years, maybe longer. What a blessing it has been to be able to count on you to help us with this important task. It has been wonderful! You folks can be proud that you are a part of our organization to be Friends In Service to Humanity!

God Bless all of you!

Happy New Year,

George Kaufer
President
Fish of Vancouver

Model A ERA Clothing Fashions

In Search of Sun and Sport

Elasticity in Action

One of the biggest influences on fashion has been sport. In the 1920s, barriers were broken down between these two fields of dress. Coco Chanel revolutionized day wear and sportswear alike by creating casual suits and golfing outfits of jersey that had "elasticity in action" and "slender lines in repose."

Since golf fell into the category of traditional sports, golf clothing, like that for riding and fishing, tended to be made of old-fashioned heavier cloths, such as tweed and plaid. The conservative nature of the fabric was echoed by the restrained cut of the golfing skirt—inverted pleats that did not swing around the body so widely that they made the wearer off balance.

Skiing and flying, which belonged to the new generation of sports, demanded flashy metallic detail, dazzling snow white, or the nearest thing to primary colors. Waterproof yet pliable ski mittens were made of chromed (leather with a metallic finish) horsehide. Buckles and zippers were used experimentally as outer details on garments whose component parts could be detached and rearranged to perform a new function and create a new garment within seconds. For example, in 1926, the house of Redfern, an established producer of yachting wear, designed a white velvet skating outfit whose skirt zipped off to become a scarf.

Tennis, Anyone?

Wimbledon's Centre Court was the focal point of radical sportswear that hit the headlines, both on the court and off. Male players still wore long trousers and shirts for tennis, but in 1926, the Duke of York set a precedent at the Lawn Tennis Championships by wearing "sleeves cut short above the elbow." From then on, "no other man need be afraid to do so," assured the Sunlight League's Dr. Caleb Saleeby.

▼ Winter sports clothing in "agnella," a woven wool fabric resembling sheepskin, designed by Rodier.

▲ In this fashionable golfing party, the clothes illustrate the trend toward looser, less bulky styles for outdoor activities. Note the "Prince of Wales" Fair Isle sweater.

Western Star Manufacturing Plant Tour

By LeRoy and Sandy Helyer

On Jan. 19, 2013, the Volcano A's enjoyed a tour on how Western Star Trucks are assembled. Western Star Trucks are built much heavier than most over the road trucks. A high percentage of these trucks are built for off road conditions, and many exported to other countries. Our tour group included: Bob & Sherry Rusunen, Leonard & Linda Willey, Jack & Pat Dusenberry, Jack & Lynn Mattingley, Steve Pargeter, Lynn Elvestrom, Bert Uthe, Don Uthe, Tim Woodman, Dee & Don LaBarre, Ron & Jane Hall, Jerry Lane, Scott Dean, Richard Pargman, Jim Kelly, Bob & Carma Huset, Bill & MJ Peden, LeRoy & Sandy Helyer. Some enjoyed playing "truck driver" behind the wheel of a brand new semi. Thanks to our wonderful tour guide Hoyt Allen from the Freightliner Plant for his time and patients for the group. We then headed to Elmer's at Delta Park for a much needed lunch.

Technical Notes

Running Board Bracket Pad

Lynn Sondenaa - Sandy, Oregon

Here is a tiny tip I use to prevent damage to my shin bone when working on Model A chassis during the restoration process. I place round pipe insulation over the brackets so if you walk into them they are padded and don't bruise your shins. I leave the padding sticking out about one inch past the end of the metal.
