1929 Model A Sports Coupe

President's Note
January 25, 2016

Hello from Cowbells and Butter Fat, that is the name of my display at the Northwest AG show being held at the Portland Expo this week. The Display is dated in the 1940's era and consists of the tin cow bells, milking machines, buckets, butter fat testers, cream separators, butter churns, milk cans and glass milk bottles from half pint, pint, quart & half gallon. Those half pint bottles bring back memories from grade school. Pulling the paper lid and drinking a half pint with a straw, maybe that's how we acquired the nickname. Those were the days when Model A's were still being driven, so maybe we should use that as a reminder to tune up our cars for driving season which is rapidly coming up.

I am organizing a Valentine's dinner similar to the one we enjoyed last year. The dinner will be held Saturday, February 13th afternoon at 5:00 in Summit Grove Lodge on Timmen Road just South of La Center, the Lodge is a magnificent building built around 1926 and has been restored to better than new condition. If you would like to attend this dinner, please call me so I can reserve your table.

Engine Timing Aid

by Richard Lowe
Glenshaw, PA

When cranking the engine with one hand to determine top dead center, it is difficult to hold the timing pin against the timing gear with the other hand. Here is a simple idea that solves that problem. Connect a large rubber band around the timing pin to the carburetor mounting flange as shown in the photo. The pin will fall into place when the timing gear is in the proper place and will pop out if you pass it up. Keep the rubber band in your traveling tool box.

MAFCA President's Page - Alex Janke - January 2016

I am deeply honored to serve as MAFCA President for 2016. Garth Shreading, 2015 MAFCA President and the 2015 Board of Directors did an exceptional job. Our club is strong and active.

2016 will be a challenging year in many areas. For some time MAFCA has been struggling on how to best enter the digital age. Many of our chapters send out their newsletters digitally, and the trend is growing. There are some exceptional Model A websites available with a lot of great information on our cars. There will always be a demand for printed media but many magazines also offer electronic versions as well that can be viewed on tablets, computers, phones, Kindles, and other devices. Likewise numerous books are available electronically. This year we plan to explore the alternatives on how best to meet the needs of our current and future membership. If you have ideas or

opinion in this area I would love to hear them.

The office has recently received a few requests for receipts for membership renewals. Normally your credit card or check receipt should suffice. MAFCA is a not for profit organization, but not a 501 (c) 3 charity so your dues are not usually tax deductible. Please consult your tax advisor if you have questions in this area.

The National Convention in Loveland, Colorado promises to be a spectacular event. The current issue of *The Restorer* contains detailed information and the registration form. You will want to register early to ensure a slot in all the wonderful activities. Driving your Model A to the Rocky Mountains will be a real treat.

The long awaited Revision 4 to the Restoration Guidelines and Judging Standards is currently with the editor and will be coming out this spring. It represents thousands of hours of work by many dedicated individuals and will bring a lot of needed information to the hobby.

The Board of Directors serves the membership. If you have issues, concerns, or other comments please let us know. The recently published Tudor Book was a response to member requests and we are working on a Coupe Book. Please feel free to contact me by email [president@mafca.com] or phone [925-689-0859] at any time.

I hope to see you on the road. [Alex Janke](#)

The Hat Women and Other Compelling Images Taken in Texas

Today we have a series of images that originate from the Lone Star State and include people and automobiles. We have not had an appearance of what we refer to as the "Hat Women" for a while, but the lead photo certainly fits the bill for their return. Minnie Fisher Cunningham, who was a suffragette, hit the campaign trail in 1928 in a run for the US Senate in Texas. She is seen between two supporters in the lead photo in front of a Model "A" Tudor sedan. Her campaign ended when she finished 5th out of six in the primary
