Photo of Month

1931 Tudor Sedan

President's Note
February 20, 2017

Well here in the Pacific Northwest we are enjoying a cool rainy day, a perfect time to consider going to the garage or shop and repair or replace some questionable parts that may cause us some roadside seminars/photo opts. We have all experienced these from time to time and most of the with club participation sharing parts and tools we are back on the road with only our pride damaged.

I recently rebuilt my emergency brake handle with a new ratchet and pawl, which will make parking on a hill much safer, way better than backing up to a large boulder.

Keep the shiny side up!

Jerry

This is Jerry & Dian Lane's 1931 Tudor Sedan. Take notice of the special trunk on the back.

A Bit of Trivia
In 1930, the Supreme Court rules that buying liquor does not violate the Constitution.

Volcano A's General Membership Meeting Minutes
February 13, 2017

CALL TO ORDER: 7:00 pm by President Jerry Lane.

GUEST/NEW MEMBERS: Richard Boehm is a new member and owns a '30 coupe & a '29 Roadster pickup. Also we have new members Meghan Green & Jeff Maddy, and Cassandra & Mike LaFleur. And also present was new member Rina Uthe. Welcome!

TOURS: Roger reported on the Valentine brunch we had on Sunday Feb. 12th. Also, a garage tour is being planned for in March.

TREASURER: Linda Willey gave the financial report.

EDITOR/WEBMASTER: Bob Rusunen reported the rosters are now available!

COMMUNITY SERVICE: Joyce Swartz reported 51#s of food was collected last month.

SUNSHINE: No report.

LAVA LADIES: More slots are needing to be filled for refreshments.

OLD BUSINESS: January meeting minutes were approved and seconded by Roger Green and Dian Lane. Jerry reiterated how good the brunch was Feb. 12th. John Carlile reported on the NW Regional Meet. Ideas are being discussed about doing a meet every other year. Jerry announced our club will leave for the meet on Wed. June 21. More details later. Our club will donate 2 baskets for the raffle at the Regionals.

NEW BUSINESS: The new 2017 budget was reviewed and voted on. It passed unanimously

RAFFLE: Corley Wooldridge won \$38.00 and the club received \$37.00.

REFRESHMENTS: Jane Hall and Sherry Rusunen served cheese and crackers with grapes and Valentine goodies!

ADJOURNED: Meeting was adjourned by Jerry Lane.

Submitted by Sherry Rusunen.

Lava Ladies

Our next event will be our trip to Cannon Beach to enjoy the play *The Mouse Trap* and a girl's getaway. We will leave Friday morning, March 31st getting to Cannon Beach in time for lunch. We will spend the night in Seaside and come home Sunday afternoon, plan on some shopping, eating out and lots fun just being together. Please contact Joyce Swartz to reserve a theater ticket and contact Judy at Ocean Front Motel for room reservations, 503 738-5661. I have a hold on 8 rooms (tell them Dian Lane sent you!), all ground floor, some single rooms and some with 2 separate sleeping areas - all the rooms should be \$113 or less but please confirm when making your reservation. We'll discuss carpooling and when & where to meet at our March meeting.

Several of our Lava Ladies are avid knitters and have offered to teach and/or assist any of the rest of us that would like to learn or brush up on our skills. So, bring a new or old project to our March meeting and we'll have some fun! Our April event will be lunch at Albertina Kerr and the Peony tour - Mind Your P's and Q's will be May 20th. If you miss our March meeting and would like more details regarding upcoming tours, please give me a call!

THIS PICTURE SAYS, CHANGE SPARK PLUGS EVERY 10,000 MILES

THIS is what happens in time to the spark plugs in your engine. Plugs like this mean hard starting, slow pick-up, poor idling, loss of power. All spark plugs deteriorate in use and need to be changed. After a season's driving or 10,000 miles, put in a new set of AC Spark Plugs.

The AC's of today are designed and built for today's engines. They also have the patented one-piece gas-tight construction and the welded side electrode. They insure easy starting, fast pick-up, brilliant performance. Ask your dealer for AC Spark Plugs, proved, by every test, standard of the world.

THE COUNTRY GENTLEMAN

February, 1931

THE NEW THREE-WINDOW FORD SEDAN

IN CITY, town and country, the new Ford is helping to shorten the miles and extend the limits of opportunity for millions of people.

It brings the open fields closer to the city and removes the isolation of rural districts. Daily it carries great numbers of men to work and home again, takes children safely to school and lightens the duties of women everywhere. Thousands of salesmen use it to cover larger territories and thereby render better service to their customers and the companies for which they

The Ford is The Universal Car

work. Where heavy storms break down the wires, the Ford fights its way through mud and snow and enables linemen to make quick repairs, so that the business of the nation may go on. While you sleep, the Ford

delivers the necessities of life to countless homes, and speeds a physician on a hurried call. Along darkened highways, policemen use its alert speed and reliability for greater protection to widening areas.

Wherever there is movement of men and materials, you will find the new Ford is an accepted part of the program of the day because of its low first cost, good performance and economy of operation. You may purchase it on convenient, economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

TINY TIPS

SAFE AND EASY WAY TO REMOVE A STUCK HEAD

If you are trying to remove your Model A head and it is stuck - simply remove all head nuts, if you haven't already. Take out all spark plugs and using your hand crank turn the engine over until pistons #2 and #3 are at top dead center. A flashlight will aid in looking in the #2 and #3 spark plug holes. Take two pieces of 3/8" nylon or cotton rope, several feet long and feed one end of each rope into the #1 and #4 cylinders through the spark plug holes. Then simply use the hand crank to compress the rope and with a little force on the crank, the head will lift right up. Try to use about the same length of rope in each cylinder so as to lift the head evenly.

Header from the MAFCA Website

MAFCA President's Page – Happy Begg

February 2017

I hope you all are making good use of your time in the parts of the country where the weather is a bit too frigid and downright snowy for touring! I would guess that you all have begun projects to finish up prior to the robins' arrival signaling the beginning of Spring and Model A touring season.

Membership renewals continue to come in to the office. But, if this slipped your mind, please call the office at 562-697-2712 or go to the website and click "[Join MAFCA](#)" to renew. For those of you looking for your MAFCA membership cards, we experienced an error with the January/February issue of *The Restorer*. Unfortunately, the cards were not inserted. Please look for them in the March/April issue. When you do have your membership cards in hand, you can find your membership number on the protective plastic wrap just above your name and address. Be sure to write your number on your card for future reference.

Did you know that there is now a Model A Club in a US high school? The Santa Anita A's helped the Pasadena (California) High School form a Chapter of MAFCA. They have a wonderful video that can be found on the [MAFCA YouTube channel](#). The Pasadena Club has over 100 members! This is a great way to get young people involved with our fun hobby.

Has your Chapter talked about taking part with our newest fun mileage challenge? The challenge is to see if we, as a club can drive 100,000 miles in any one day. Your Chapter chooses the day! If you are not a member of a MAFCA Chapter, you can still participate on your own. For more information, [click here](#).

MAFCA has been using an online email service to keep folks informed of all the great happenings. Are you receiving our email blasts? If not, send an email to Garth Shreading, his address is membership@mafca.com and he will make sure you are on the list. Please know that MAFCA will never sell or distribute any of your personal information.

I hope you are talking with your touring friends about participating in the upcoming National Tour of the California Coastline; it will be the last week in September. The Bakersfield Chapter has a great tour planned. Registration materials will be available in the March/April issue of *The Restorer*.

Information

The **Model A Ford Club of America, Inc. (MAFCA)** is a California non-profit corporation and a national historical society dedicated to the restoration and preservation of Model A Ford vehicles as manufactured from 1928 through 1931. MAFCA's members are dedicated to the restoration, preservation, and enjoyment of Ford vehicles of that era. MAFCA is the largest club in the world dedicated to one make of automobile. Volcano A members are urged to join the Model A Ford Club of America, Inc. Visit the MAFCA website for a membership application. Dues are \$40 yearly and include a subscription to The Restorer.

Valentine's Day Dinner 2/12/2017

Here are some pictures from the Summit Grove Lodge Brunch.

Women Drive Rickenbacker's on America's First Radio Tour

In 1922 when one of the first car radios was constructed and deemed a success, a grand plan was developed in Detroit, Michigan to promote the new device. The "Motor City" to Los Angeles Radio Tour was sponsored by the Detroit Board of Commerce, the Detroit Automobile Club, and the Lincoln Highway Association to showcase the new device to the public.

Two of the Rickenbacker cars constructed by Captain Eddie Rickenbacker were selected from a large number of automobiles entered by automakers. The lead car, a sedan contained an advanced radio receiver developed by Thomas Clark and built by Tecla Labs of Detroit, with two exterior antennas; the main 200-foot loop unit was mounted on the roof along with a spare located beneath one of the running boards.
